

MBs-1HLC5 Single Channel Stand-alone Load Cell Input Module

V1.0

Introduction

MBs-1HLC5 is one of the analog input stand-alone modules of MERITEK MBs series PLC. It provides RS-485 communication interface and 16-bits precise resolution. It can be used for 4-wire or 6-wire load cell input in weight measurement. It also provides five types of scan rate (6.25/12.5/25/50/100Hz)to meet customer's requirement.
